EXTRACT

1. Connemara proceeded to the Austro-German border at about 1100 hours for the purpose of meeting Grallatory and Grandopera who returned from Munich with source Barbital. It will be recalled that Barbital had been dispatched to Poland early in November 1946 for the purpose of contacting a Catholic resistance force in Poland (See Veronal Project folder for additional details). Barbital is reported to have made a successful trip and to have brought back with him a representative of this resistance group for the purpose of intensifying our contact with resistance forces in Poland. Grallatory and Grandopera are being set up in a small operational area within the city of Salzburg, and will debrief Barbital and his friend there.
